Job Title: Full-Stack Developer (Web & Mobile)

Location: Addis Ababa, Ethiopia

Company Overview:

We are a dynamic and innovative technology company committed to delivering cutting-edge solutions in web and mobile application development. Our team thrives on creativity, collaboration, and a passion for excellence.

Position Overview:

We are seeking a skilled **Full-Stack Developer** with expertise in both web and mobile platforms. The ideal candidate will have a strong foundation in computer science, electrical and computer engineering, or software engineering, with hands-on experience in developing user-friendly applications.

Key Responsibilities:

1. **Web Development:**

    ❖ Design and implement responsive and user-friendly web interfaces using React and Tailwind CSS.
    ❖ Develop and maintain backend services with Node.js and Express.js.
    ❖ Manage and optimize databases using MySQL.

2. **Mobile Application Development:**

    ❖ Develop cross-platform mobile applications using React Native.
    ❖ Ensure seamless integration between mobile apps and backend services.

Collaboration and Teamwork:

❖ Work closely with cross-functional teams to define and implement new features.
❖ Participate in code reviews and maintain high coding standards.

Project Management:

Manage the complete software development process from conception to deployment.

Maintain and upgrade software following deployment.

Oversee the end-to-end life cycle for the production of software and applications.

Qualifications:

Educational Background:

Bachelor's degree in Computer Science, Electrical and Computer Engineering, Software Engineering, or a related field.

Experience:

- ❖ Minimum of two years of hands-on industry experience in full-stack development.
- ❖ Proven track record of developing and deploying web and mobile applications.

Technical Skills:

- ❖ Frontend: Proficiency in React and Tailwind CSS.
- ❖ Backend: Expertise in Node.js and Express.js.
- ❖ Database: Strong experience with MySQL.
- ❖ Mobile Development: Proficiency in React Native.

Version Control: Experience with Git and GitHub.

Additional Skills:

- ❖ Strong problem-solving abilities and logical thinking.
- ❖ Creative and innovative mindset with attention to detail.
- ❖ Excellent teamwork and collaboration skills.
- ❖ Optimistic and open-minded approach to challenges.

Application Process:

- ❖ Trial Project: Candidates will be required to complete a random unpaid trial project to demonstrate their skills and suitability for the role.
- ❖ Portfolio: Please provide a portfolio showcasing fully implemented projects, including web and mobile applications.

Benefits:

- ❖ Competitive salary and performance-based incentives.
- ❖ Opportunities for professional growth and development.
- ❖ Collaborative and inclusive work environment.

How to Apply:

Interested candidates are invited to submit their resume, portfolio, and a cover letter detailing their relevant experience and interest in the position to contact@deboengineering.com

We are an equal-opportunity employer and welcome applications from all qualified individuals.
